Additional Qualifiers

In addition to the above, any individual or relay team meeting the qualifying standard at a sanctioned qualifying or region meet will also qualify for the state meet. Only one relay team from each school may be entered at the state meet. Seeding for the state meets will be based on the **qualifying mark** from the region or other sanctioned qualifying meet. Only qualifying marks or marks achieved in earning a qualifying place at the Region meet are allowed for entry into and seeding at the state meet. Wind aided marks will NOT be accepted as state qualifying marks in the 100 Meter Dash, 200 Meter Dash, or in the 100 or 110 Meter High Hurdles. Average anemometer (wind gauge) readings in excess of +2.0 meters per second (see rule 10-2) are considered to be wind aided. All state qualifying marks submitted in these events from state qualifying meets must be accompanied by a valid anemometer reading during the race in which the mark was achieved. An anemometer (wind gauge) is required at all state qualifying meets.

Qualifying Meet Standards/Limitations

Any qualifying meet must meet the standards and regulations as outlined in the [UHSAA Track & Field Qualifying Meet Standards & Regulations found on the "Forms" page of the UHSAA Web-site](#). An individual may participate in no more than 6 qualifying meets in addition to the region meet in 4A and 5A. An individual may participate in no more than eight state qualifying meets for 1A, 2A & 3A in addition to the region meet.

Results Reporting

Hosts of qualifying meets and region meet chairpersons must assume the responsibility of notifying coaches of accurate times. **Results of all state qualifying meets, including region meets, must be submitted to the UHSAA within 48 hours** of the conclusion of the meet. This is to be done using the RunnerCard system. In all cases, only fully automatic times (FAT) may be submitted. All races of 200 meters or less in length must also include a legitimate anemometer reading to be valid.

State Entries; Region Meet Results

Region meet results (including trials and finals) are to be submitted using the RunnerCard system and are due in UHSAA offices no later than 48 hours following the conclusion of the meet or by 12:00 noon the Monday before the state meet, whichever is earlier. Each individual coach is responsible for entering his/her qualified athletes in the state meet via the RunnerCard system. This will not be done by the region. Deadlines for entries are included in meet information available on the Track page of the UHSAA website.

Region Meets are Non-Declaratory

An athlete is entered in the state meet when an official entry has been submitted by the coach and verified by the UHSAA. This means that region meets are non-declaratory.

Resolution of Ties for State Qualifying

Each region is responsible for breaking ties at the region meet for qualification to the state meet before forwarding entries. Regions are to include in their handbooks the procedure for breaking ties for the final qualifying spot in the region meet.

Spike Requirements at BYU

At the state meet only 1/4" (or shorter) Pyramid spikes may be used on the Mondo Track. No Christmas trees, pins, or needles will be allowed.

Practice at State Meet Site

No practice is allowed at the State Meet site (BYU Track & Field facility) within two weeks of the state meet. This means no athlete may be in the stadium area at all for two weeks prior to the facility opening on the first day of the State Meet. **This includes setting up tents or shade tarps.**

Pole Vault

The pole vault will be a team scoring event for both boys and girls in the 5A classification but non-scoring in 1A, 2A, 3A and 4A. In 2A, competing in the pole vault will not count toward the limit of four events in which an individual may compete at the region and state meets.

State Records

No state record shall be granted unless the time is recorded by fully automatic timing (FAT). No state record in the long jump or any race up to and including 200 meters shall be granted unless an anemometer is used and accurate wind velocity readings duly recorded. An average wind velocity which exceeds two (2) meters per second will invalidate a record. Completed state record application forms must be submitted to the UHSAA before a state record can be considered and become official, even if set at the state meet. For application form go to www.uhsaa.org/publications/forms.html.
