

Tickets and Financial Policy for State Football Playoffs

3AA, 4A, 5A

1st Round (round of 16)

November 1 or 2, 2013

Home Sites

No UHSAA Tickets Sold

Policy for post-season games not ticketed by the UHSAA:

- I. Administrators from the two schools participating should settle, **in advance**, issues of financing regarding hosting costs, officials' travel costs and game fees and team travel costs.
- II. The host school should receive absolute hosting costs first (not including officials' travel costs and game fees), and then the two schools shall divide the remaining gate receipts. If there is *insufficient* revenue from gate to pay initial hosting costs, the host school must bear those costs in addition to the officials' fees. In this instance, the traveling school would also assume all of their own costs.
- III. If regions are to be considered in the dispersing of profits, it should be clear that hosting costs, officials' fees and travel costs be allotted before dividing any further revenue.
- IV. Post season ticket prices will apply (see attachment)
