

Rules/Etiquette Meeting: Region golf rules/etiquette meetings are mandatory and must be concluded by September 15 for 2A through 5A boys regions and by April 15 for 1A boys regions and all girls regions.

The region qualifying meet may not be held at the site of the state meet. Qualifying teams may enter up to 6 individual golfers but in no case fewer than 4. Four will qualify for team scores for boys and three will count for girls.

The girls state championship will be an 18-hole event. The boys state championship will be a 36-hole event. There will be a cut after the first round (18 holes) with 60% of the team field continuing the second day (18 holes) for team championship honors. The cut for individual honors will include any golfer within 10 shots of the lead to advance to the final 18 holes for medalist honors.

These changes in the state meet are based on the cooperation of member schools keeping students in the classroom as much as possible. Accordingly, **NEITHER PRACTICE ROUNDS nor PRACTICE OF ANY KIND IS ALLOWED AT THE SITE OF THE STATE MEET THE DAY BEFORE THE STATE MEET.** No individual or team practice of any kind is allowed. This means there can be no chipping, no putting, no hitting of range balls, no walking the course, no practice rounds, etc. by any state meet participant on this day. Penalty for infraction of this rule is disqualification. No participant is allowed on the premises of the state meet the day prior to scheduled competition. **Practice is allowed on the day of the tournament.** In the spirit of this philosophy, practice rounds should not be scheduled at any site which causes lost classroom time. No golf competition will be allowed on the site of the state meet within two weeks of the state championship. Teams utilizing the course as their official home course could still practice at the site and individuals and teams could still practice (no competitions) at the state site within two weeks prior to the state meet, BUT NOT THE DAY BEFORE.

The UHSAA subscribes to the rules of the United States Golf Association including its amateur rules. The Utah Section PGA monitors these rules at UHSAA championship meets. The selection of all-state golf teams is not a function of the UHSAA and questions concerning the process should be directed to the Utah Section PGA.

There will be a \$20 individual or \$120 team greens fee charged all participants at the boys state meet.

The UHSAA will not provide athletic trainers on site at state golf tournaments.

Team qualification standards for the state meets are as follows:

5A BOYS and GIRLS

1. Region 1 qualifies five teams. Regions 2 and 4 qualify four teams. Region 3 qualifies three teams.
2. Any individual NOT on a qualifying team who is in the region's top 10 individuals will qualify.
3. ONE individual from each school who does not qualify from items #1 and #2 above will qualify with a maximum of one player per school.

4A BOYS and GIRLS

1. Region 5 qualifies three teams. Regions 6, 7, 8 qualify four teams. Region 9 qualifies two teams.
2. Any individuals finishing in a place equal to or better than a number equal to the number of teams which qualify from the region who are not members of a qualifying team also qualify. Example: A golfer in Region 5 places 3rd or better but is not on a qualifying team. That golfer would qualify to compete in the state meet because his/her place is equal to or better than the number of teams which qualify from Region 5.

3A BOYS

1. Region 9 qualifies three teams. Region 10 qualifies four teams. Regions 11 and 12 qualify five teams.
2. Any individual NOT on a qualifying team who is in the region's top 10 individuals will qualify in Regions 10, 11 and 12, and in the top 7 individuals for Region 9.
3. ONE individual from each school who does not qualify from items #1 and #2 above will qualify with a maximum of one player per school.

3A GIRLS

1. Region 9 qualifies three teams. Region 10 qualifies four teams. Regions 11 and 12 qualify five teams.
2. Any individual NOT on a qualifying team who is in the region's top 10 individuals will qualify in Regions 8, 10 and 11, and in the top 7 individuals for Region 9.
3. ONE individual from each school who does not qualify from items #1 and #2 above will qualify with a maximum of one player per school.

2A BOYS

1. Region 12 qualifies six teams, Region 13 qualifies three teams and Region 14 qualifies four teams.
2. Any individual NOT on a qualifying team who is in the region's top 5 individuals will qualify.
3. ONE individual from each school who does not qualify from items #1 and #2 above will qualify with a maximum of one player per school.

1A BOYS

1. In order to qualify, 1A schools must meet the following criteria: In any two (2) 18-hole rounds (the region tournament may count as one of those two meets) average: [a] 400 or less on a course with a 65 or higher slope rating OR [b] average 380 or less on course with a slope rating under 65 according to USGA calibrations. After this criteria, one half of the competing teams in each region qualify.
2. Any individual NOT on a qualifying team who is in the region's top 5 individuals will qualify.
3. ONE individual from each school who does not qualify from items #1 and #2 above will qualify with a maximum of one player per school.

1A-2A GIRLS (combined state tournament)

1. 50% of the participating schools in each region will qualify to a maximum of one half of the schools in the Region. The field will be rounded out to a total of 12 teams from either classification by averaging the team scores of the top 3 players on each team. Additional teams may participate with the approval of the Region Chairperson.
2. Any individual NOT on a qualifying team who is in the region's top 5 individuals will qualify.
3. ONE individual from each school who does not qualify from items #1 and #2 above will qualify with a maximum of one player per school.
