
Why has the Volleyball Officiating Academy Been formed?

Participation and performance in the sport of volleyball (college, high school, USAV, etc.) has exploded throughout the Intermountain area in the past few years. As participation and performance have increased, the demand for experience officials has escalated. The need for instructional clinics for the development of new and veteran volleyball officials is evident. The Volleyball Officiating Academy board is committed to assisting in the development of competent volleyball officials, training of new and veteran officials, and providing a system that certifies levels of competence in volleyball officiating.
