If a player requests a line judge then a parent from the opposing team may be requested to stand out on the court as an impartial line judge and will only overrule calls as necessary.
7. Matches will consist of two out of three sets—7 point tie break at 6-6. JV matches will be pro-sets—7 point tie break at 8-8.
8. Home team furnishes the balls. No new balls for the 3rd set except at the Region Tournament.
9. Players will be required to wear school color shirts and school color shorts/skirts. Warm-ups may be worn during inclement weather.
10. Players are limited to a 10 minute warm-up period with practice serves being taken during this time. Coaches should control the warm-up time.
11. Coaches should determine their team line up according to the honor system; The number one singles player should be a stronger player than the number two singles player and so on down to 3rd singles; just as the number one doubles team should be a stronger team than the number two doubles team. If at least 4 of the 6 other coaches believe a team is stacked in any way, the region director should be asked to collect all the scores of the players in question. This includes challenge match scores collected in the try-outs between their own players as well as scores collected in the dual matches. These scores would be used to determine if the team was stacked and a certain player or team was put in the wrong position. As a group, the coaches will decide either the validity of the line up or create a new line up for the region tournament. All protests concerning region dual matches must be filed within twenty-four hours from the time the match was played, both with the Region Board of Managers and the principal's of the two schools involved. All scores of challenge matches should be available and recorded. Challenge matches carry more weight if they are full 2 out of 3 sets matches, to mirror what is expected in Region play.
12. A coach may move players from singles to doubles and vice versa. However, the players must still be ranked in order of their ability with data to back it up.

13. A player/doubles team must play at least 5 of the dual matches at the JV or Varsity level to qualify for the Region and State Tournaments. In case of an injury or illness a change in line-up must be in order of ability and must be approved by the other coaches in the Region before the Region Tournament.
14. Coaches will send results of each Region meet to a designated Region coach each week to compile results as the season progresses. Those results will be sent out to all coaches each week.
15. Coaching will be allowed after the third game and on odd game changeovers and on mandatory 10-minute break between sets. No rest period or coaching between the 1st and 2nd game. Rest periods begin on the 3rd game changeover.
16. Bathroom breaks are permissible if taken within the allotted 3 minutes or a reasonable amount of time.

REGION 12 TENNIS CHAMPIONSHIPS ??????

1. Seeding for the region tournament will be determined by the record of the team wins over the team losses in that position during the 5 dual matches. If two schools have the same win-loss record in a certain position, the higher seed will be given to the winner of the head to head match. In the case of a three way tie, the three matches concerning these three teams/players would be the only data used in determining who would get the higher seed. The team/player who had the fewest number of sets lost would get the highest seed, and if there is still a tie, the team or player with the fewest number of games lost will get the highest seed. The results of the seeding will be sent to everyone the Monday before the Region Tournament. If by following these rules for seeding and if 4 out of the 6 coaches are not happy with the outcome (due possibly injuries or last minute changes to a team's line-up), the seeding will be discussed at the meeting one hour before the first match at the Region Tournament. If any changes are made there must be 4 coaches in favor of the change in order for the change to pass.
2. The attached bracket for 1st singles will be the example of the scheduling for our Region Tournament to be held at Green Canyon High School.
3. The first round will be played at 3:00 p.m. the first day. First and second seed will have a bye and won't play until the second day.
4. Matches will begin at 9 a.m. the second day. The Championship matches will go on at approximately 1:30, after the playing off for 3rd and 4th, and 5th and 6th.
5. **Five players/teams qualify for State:** The bracket will be as follows: Top-1st vs. Bye, 4th vs. 5th; Bottom – 3rd vs. 6th, Bye Vs. 2nd.

The highlighted will only apply when we only get to take 4 spots to State:

If a player wins their first match they qualify for State. If a player gets a bye and loses their first match and next loses their second match when they play off for 3rd and 4th (not winning a single match during Region play) they will then need to be able to defeat the #5 player in order to compete at State. This

is to insure we have the top 4 players for State and to prevent someone from going to State without winning a single match at the Region tournament.

6. Two coaches per school will be allowed to coach at the Region Tournament. One coach is allowed on the court at a time just like at the State Tournament. They must have completed all of their documentation on RMC and have been attending the practices throughout the entire season to be considered one of the two coaches

7. A USTA official will be provided for the region tournament according to the UHSAA guidelines. Only coaches may coach the players, and only coaches or players may ask for an official to come to their court.

8. Scoring for Region Play: 1 point for every win at the 5 dual matches for a total of 50 points possible

9. Scoring at Region Tournament: 20 pts for 1st place, 18 pts. for 2nd place, 16 pts for 3rd place, 14 pts for 4th place, 12 pts for 5th place, 10 pts for 6th place for a total of 120 pts. possible. The winner of the Region title will have the most points by adding their dual match points to their Region Tournament points

10. Medals will be awarded for the top 3 places in each position.

1. Region Team Trophy will be awarded to the 1st place team

2. JV Region Tournament. Time and Location TBD each year. It will consist of 3 singles and 2 doubles. Each round will be a pro-set with regular scoring, just as they do in Region play. Each position will get the same seed according to the rank of the varsity team.. example: A school has the 3rd most points before the Region Tournament, so each position is seeded 3rd. for that school.
