I. STATEMENT OF PHILOSOPHY

Region 20 believes that the primary purpose of schools is to educate young people. Academic achievement is of paramount importance and will always be held in high esteem by Region 20 Board of Managers. In addition, we also recognize that activities are the “other half of education” and as such, are extremely important to the building of well-rounded youth. Under this philosophy, we promote the idea that participation in the sponsored activities of Region 20 is a privilege earned by meeting or exceeding academic eligibility guidelines set by schools, the region, and the Utah High School Activities Association. The purpose of the Region 20 Board of Managers is to cooperate with fellow educators (administrators, coaches, advisors, school boards) to promote the highest quality activities possible, to use wisdom and input from colleagues in setting schedules, and in setting guidelines and policies to govern activities. This handbook may not cover every controversial situation that may arise. We would expect that by using rulebooks, the UHSAA Handbook, input from concerned Region 20 members, and common sense, any problem encountered can be addressed and resolved. By striving for excellence, we will continue to represent our area and schools in the highest fashion at the local and state level.

II. MEMBERSHIP

Membership on the Region 20 Board of Managers shall include and be limited to the secondary principals/or their designees of the schools within the region, superintendents from the districts involved, and a school board member from each of those districts. Representation will be limited to one vote per school.

III. OFFICERS

The officers of the board of managers will include the chairman, secretary, and directors. All officers shall be principals/or designees of represented schools. The chairman and secretary will be elected for a three year term by voting members. The annual term of office will run from July 1 to June 30. Elections will be held the last board meeting prior to June 30.

IV. DUTIES OF OFFICERS

A. CHAIRMAN OF THE BOARD

The Chairman of the Board shall perform administrative duties relating to policies and decisions of the board. The chair will conduct meetings of the board, prepare agendas, and vote only to make or break a tie. In addition, he/she shall represent the region in an official capacity whenever appropriate. At the end of each year the chairman shall direct an audit of the region books occur by an outside auditor. The audit may be done by the district business manager of the district where the chairman resides.

Agenda items will be approved or rejected by vote of the board upon motions appropriately made and seconded by members.

VII. ORGANIZATION OF THE ACTIVITY CHAIRMEN

Activity chairmen will be selected for the succeeding year at the April meeting. Committee members may be appointed by the board chairman to assist when necessary. Activity chairmen are responsible for all aspects of the activity they are selected to supervise. The chairman will report to the board at the conclusion of the activity. Activity chairmen will evaluate the procedures and practices of the activity for which they are responsible.

VIII. STUDENT CONDUCT

It is hoped that students, visiting or at home, would have the same high expectations of themselves as they would of students visiting their own school. It is, however, the responsibility of the advisors, coaches or chaperones to see that student conduct is in the best interest of both schools. It is strongly recommended, therefore, that a coach, advisor, or chaperone continue supervision in the dressing room or competitive area with students until all students have vacated that area.

IX. PEP BANDS

Bands are encouraged to participate at home activities. They will not play at visiting schools unless invited and approved by the host principal. Bands wishing to play away from home may request permission and approval of the host administrator. Bands are not to perform while the ball is in play during basketball games. They should promote good musical manners, treating visiting pep bands with respect and refrain from playing simultaneously. Courtesy should prevail and bands should alternate performing short numbers.

X. VIDEO/FILMING POLICY

Filming and/or videotaping of region activities for commercial purposes is prohibited. Videotaping or filming is allowed and encouraged by each school involved in a contest.

XI. PROTEST PROCEDURE

In the event that a school wishes to lodge a protest in connection with any activity, the procedures will be followed as published in the UHSAA Handbook.

XII. HOSPITALITY ROOM PROCEDURES

Region 20 will reimburse schools hosting any region tournaments up to \$200 per tournament. Funding beyond that level shall be the responsibility of the host school.

XIII. CHANGES TO SCHEDULED ACTIVITIES

Changes to scheduled activities may be required due to emergency and/or unforeseen situations. Schedule changes are made only between the principals of the schools involved. In cases where officials are involved, it is the duty of the host school to notify officials of changes that affect them. We have agreed with SUOA to make all changes at least 24 hours in advance by notifying the arbiter and, upon his request, notifying the officials.

XIV. OUTGOING BOARD MEMBERS

The region will purchase an appreciation plaque or other award to be presented to each outgoing region board member. The plaque/award is presented by the board chairman as soon as possible.

XV. PAYMENT OF OFFICIALS

The region has adopted the UHSAA schedule for payment of officials of region activities.

XVI. MEMBERSHIP POLICY

It is the policy of Region 20 that any school wishing to become a member of and participate with the region will be assessed the amount each school contributed to the establishment of the region, e.g. \$1,000.00. In addition, those schools leaving the region may request to have the \$1,000.00 nomination fee reimbursed to them upon their exit from Region 20.

XVII. TIE BREAKER POLICY

Tournament entries will be determined by the win/loss record in league play. In the event of any tie that would determine entry into the state tournament, a playoff game will be held at a neutral site.

Two-way ties will be handled according to the following steps:

- 1) The seed will be determined by head to head win/loss record of the teams involved.
- 2) If the teams split, the seed will be determined by the two team's records against the highest seeded team. If the tie remains, the process continues down the standings.
- 3) If the tie remains, seeding will be determined by a coin flip, the winner takes the highest seed.

Three-way ties will be handled according to the following steps:

- 1) The combined league win/loss record against all other tied teams will be the first tie breaker, with the better record getting the higher seed.
- 2) If two or more teams remain tied, follow the procedures listed in step 2 above.
- 3) If the tie remains between three teams, a coin flip will determine the seeding. The odd team gets the highest seeding and the other two teams flip again for the remaining seeds, the winner of the flip takes the highest seed.

4. Any match that is cancelled for inclement weather, or for any other reason, will be considered a no contest and will not be included in determining the final standings for teams or individuals. It will not be considered as the one score that may be thrown out.
5. **TEAM SCORING:** The total of the four lowest individual scores will count toward the team score. The team with the lowest total score wins the match. In determining the Region Champion, each team will be allowed to throw out the highest one or missing score. Then the average of the rest of the scores will be multiplied by 40% and this total will be added to 60% of the Region Match score. This total will determine the Region Champion. In the event of a tie: There will be a playoff for 1st place only, all team members will play a sudden death match with the low four scores counting. They will play continuously until one team wins their first hole. All other ties will be determined by matching scorecards. Beginning on scorecard Hole #1 and continuing on the scorecard the four lowest scores counting until one team wins.
6. **INDIVIDUAL SCORING:** In determining the Region Medalist and All-Region honors. Each player will be allowed to throw out the highest two or missing score of the season. The average of the remaining scores will be multiplied by 40% and this total will be added to 60% of the Region Match score. This total will determine the Region Champion and other honors. In the event of a tie: For 1st place only, there will be a sudden death playoff between those who are tied. All other ties will be determined by matching scorecards. Beginning on scorecard Hole #1 and continuing on, the first lowest score will be the winner.
7. For poor sportsmanship, foul language, obscene gestures, throwing clubs, etc: There will be a warning for 1st offence, a 2-stroke penalty assessed for the 2nd and for the 3rd the individual will be disqualified.
8. Anyone caught cheating will be automatically disqualified from that match. A rules committee minus the coach from the affected school(s) will determine the disqualification.
9. Examples of scoring: Team scores – 364, 400, 382, 374, 368. Throw out the 400, the average of the others is 372, which multiplied by 40% equals 148.8. Region score is 380. Multiply by 60% equals 228, add the two and the total score is 376.8. For individual scores: 78, 86, 79, 90, and 76. Throw out the 90, the average of the rest is 79.75, which multiplied by 40% equals 31.9. Region score is 77, multiplied by 60% equals 46.2. Added together gives a total score of 78.1.
10. All athletes shall compete in a minimum of 2 region meets to participate in the region meet.
11. Coaches are the only individuals allowed to coach players on what clubs to use. Spectators are not allowed to give any advice (club selection, reading putts, etc.).

REGION BASKETBALL TOURNAMENTS

The region basketball tournaments follow the same rules and regulations as the 1-A state tournament. The UHSAA publishes its guidelines prior to the state tournament each year. It is the responsibility of each school and the region and basketball chairmen to be aware of any changes the state may make.

1. The principal is responsible for the supervision of his/her students at all times. The principal or designee to be in charge of the students should report to the tournament committee prior to each game and identify themselves as being in charge of a specific team.
2. Students must be supervised at all times. Do not leave team members in the change room areas without adult supervision. Check change rooms as you enter and report any damage. Schools will be charged for any damages which occur.
3. The home team will be listed on the top of the bracket and will wear light jerseys. All uniforms must be legal.
4. A 15 minute warm-up is guaranteed for each game
5. Each team must furnish any practice and warm-up balls to be used. A "Wilson" ball will be the official game ball. However, upon agreement of both coaches involved in a contest, another ball may be used.
6. There are to be no practices at the site of the tournament prior to the tournament.
7. The official score book will be kept by the home team on the first day (home sites) of the tournament. The official book on day 2 & 3 will be kept by a neutral party hired as part of the tournament hosting.
8. The home site games on the first day of the tournament will be played at 6:00 pm. Schools will be allowed up to \$100 to cover hosting costs at these games.
9. Drill teams may march at half-time of the games in which their team plays. No boots (soft non-marking sole shoes or tennis type shoes only) or props may be used. Each team has only 3 minutes with the home team marching first. The championship drill team will be the only team allowed to perform during half-time of the championship basketball game.

The following are prohibited from the region basketball tournament:

- a. Signs or banners of any kind including the type teams run through, lap signs, etc.
- b. Pennants, flags or pom-poms.
- c. Balloons.
- d. Megaphones, either in the stands or used by cheerleaders.
- e. Playing of musical instruments or beating of drums except while the band is playing.
- f. Band equipment on the playing floor level.
- g. Photographers on the playing floor level except those representing newspapers and one school photographer. No flash units are allowed on the playing floor level.

3. Children under high school age may not participate with cheerleaders.
4. A mascot does not have privileges other than as a spectator unless he/she is part of the cheerleading group and then he/she must stay with the cheerleaders at all times.
5. Cheerleaders must wear tennis shoes or shoes with soft non-marking soles.

CONDUCT OF PEP BANDS

The quality of music should be a prime objective of pep bands. It should be music to enthuse, to inspire, and to entertain; but should also be, as much as possible, music of good quality and taste.

The positive attitudes and elements of good citizenship which quality music education can engender should be promoted with pep band students. To this end, all directors and pep bands should:

1. Promote good musical manners. Treat visiting or opposing pep bands with respect and listen to their presentations.
2. Where two bands are present, never play simultaneously. The band whose team wears dark uniforms should play during the first quarter rest and the band whose team wears light uniforms should play during the third quarter rest.
3. Take turns during the half time rest, after drill teams perform, or after region presentations are made. Short selections are most appropriate for athletic contests in order to permit each group to perform as often as possible.
4. Be under the direction of the faculty music director who is responsible for their conduct at all times. Students may be permitted to direct under the supervision of the faculty director who must be present.
5. Use amplifiers discreetly when used at all.

Violations of this code may result in suspension of the offending pep band from further participation in region tournament games.

School pep bands will be allowed free admission into the region games.

SPEECH, DRAMA, AND FORENSICS GUIDELINES

1. Starting dates for Forensics and Drama will be set by the UHSAA.

5. All coaches are welcome in the tabulation room as long as they do not interfere with the tabulation process. Also, they are not to communicate result or decisions to contestants between rounds or prior to the awards assembly.
6. In forensics, points earned by a contestant will be determined by a ranking system. The points for the individual events will be awarded as follows:

Superior	= 3 - 5 points
Excellent	= 6 - 8 points
Good	= 9 - 11 points
7. In debate, the following system will be used:

Superior	= 4 wins – 0 losses (or)
	= 3 wins – 1 loss
Excellent	= 2 wins – 2 losses
Good	= 1 win – 3 losses
8. In legislative forum, the system will be:

Superior	= the top one fourth
Excellent	= the second one fourth
Good	= the third one fourth
9. Points for the one-act play will be determined by averaging the rating given by the three judges. Point values for the one-act play will be as follows:

Superior	= 10 points
Excellent	= 6 points
Good	= 3 points

Rankings will break ties.
10. Prior to the first round in region forensics and drama competition, coaches are responsible to check their contestant's names and information, then notify the registrars of any changes.

ALL REGION SELECTION PROCESS

1. Coaches will submit a list of their own players that they feel are worthy for inclusion on the all-region ballot.
2. A ballot of nominees will be compiled by the region chairperson and faxed to each coach.
3. The coach will privately vote for the top 10 athletes in the Region, excluding members of their own team. The player first on the list will receive 10 points; second will receive 9 points, and so on to tenth place. The players with the top ten vote totals will be named to the all-region team in their sport.
4. If there is a region tournament the chairperson will collect the ballots from the coaches before half-time of the championship game. The ballots will be tabulated and the all-region team will be announced after the presentation of the region championship trophy. If there is not a region tournament, the ballots must be faxed to the chairperson within 2 days of receiving them. The chairperson will tabulate the results, but not release the results until after the state tournament. The results will be published in the newspapers and medals awarded as soon as possible after the state tournament.

It is our policy to not give results of coaches balloting to any outside entity. We encourage newspapers and other organizations to conduct their own balloting if they wish to recognize outstanding tournament or league play.
