CHAPTER I – UHSAA Policies

Article I – Recommendations

Section 1: Region Representative
Each region shall elect one-member coach to represent that region to the Utah Debate Coaches Association (UDCA) to help solve problems occurring at major tournaments and to keep an open line of communication with the Activities Association.

Section 2: Missed School Time
It is recommended that no student miss more than five days of school for practice debate and forensic meets during a given school year.

Article II – Financial Rules

Section 1: Entry Fees
No entry fee in excess of $4.00 per student per event per day may be assessed for any meet. A maximum $15 school entry fee per day may be charged at invitational tournaments if deemed necessary by the host school. The only exception is for a Tournament of Champions qualifier or if the Executive Committee approves an exception.

Section 2: No Shows
A contract is formed when participant entries are submitted to the state tournament director and each “no show” entry will be fined $25. Invitational tournaments may also levy a $25 fine for each “no show” entry at UHSAA sanctioned tournaments.

Article III – Conduct of Tournaments

Section 1: Sanction Requirement
All speech and debate competitions must be sanctioned by the UHSAA (see UHSAA By-Laws Article 4). In the case of virtual or online tournaments, schools still must sanction the tournament, acknowledging they are responsible for “hosting” by running tabroom and the online platform chosen, as well as facilitating the delivery/shipment of trophies. Include “online” or “virtual” in the tournament title, and principals still will sign off as normal. Forms must be submitted to and approved by the UHSAA no less than 30 days prior to the tournament.

Section 2: Preliminary Round Start Time
No preliminary round of a tournament, which is not a round robin or a Tournament of Champions qualifier, may start after 8:30 p.m.

Section 3: Intent to Participate
Coaches should notify local tournament directors of their intent to participate at least two weeks in advance of a tournament.

Section 4: Novice Policy Guidelines
Novice teams will only be allowed to run arguments from the approved argument list and corresponding evidence set. Novice policy teams will be limited to a "closed deck" of evidence files (every competitor will have the same set of cards). Novice students may rearrange the organization of evidence but may not add and/or change the content in order to produce new arguments not labeled in the evidence set, nor can they alter the fundamental intent of the argument.
These limits will be enforced from the start of the season until the end of December. Novices will be allowed to run any argument or evidence in January until the end of the season. Any novice team found to be running an affirmative not on the case list will forfeit the round. "Novice teams" are strictly and universally defined as two-person policy teams wherein neither student on said team has had more than one tournament's worth of competitive experience before the start of October of the given competitive season.
The novice evidence set is established each year by the UDCA and NFHS to limit the areas of the high school debate resolution that novices will have to prepare to debate. The goal is to make the debating more manageable for novice students and to enhance the quality of each debate. Judges, coaches and debaters should also understand that by selecting these specific argument limits, the UDCA/NFHS is not necessarily endorsing the topicality any case, nor are they commenting on the strategic value of any one position. Traditional topicality arguments can still be presented by the negative team and should be considered by the judge. Theory and kritik arguments will not be allowed.

An executive committee of coaches will create the evidence set to be published on the Utah Debate Coaches website by the end of August.

Section 5: Congress Guidelines
1. A standard Orders of the Day would also be set and posted on the UDCA website.
2. Tournament directors have two options for their tournaments. The director may preselect the legislation released in any month prior to the tournament and create a tournament docket from the legislation posted on the NSDA website. Dockets will be published in tournament invitations. Alternatively, the director may allow for a caucus period at a tournament for students to choose legislation and set their own docket, provided that the legislation selected by the students is also from the preapproved NSDA legislation.
3. Sponsorship speeches for legislation will follow priority. However, if the author of the legislation is in the chamber, or anyone from the author’s school, he or she has the right to the authorship speech regardless of priority. Any student may elect to give a sponsorship speech for any legislation.
4. Seating charts for houses will be set prior to each tournament. Seating charts will rotate for each session of debate as directed by NSDA best practices.
5. An adult parliamentarian will be present in each house during debate. The parliamentarian will follow the job description for parliamentarians as outlined on the NSDA website: Judge Guidelines – Congressional Debate (Parliamentarian).

Section 6: Ballots
Ballots will not be accepted with “oral critique” only written. Every ballot must have a warranted reason for decision stating, “I vote affirmative or negative because…”

Section 7:
For any rule not specified herein, see the Utah Debate Coaches Association Handbook.

Section 8: Contest Limitations
Contest Limitations are 10 meets per individual.
A. Contest: Any meet or game (this does not include practices and scrimmages) in which 4+ schools participate, judging/feedback is provided, and students earn NSDA points counts toward the contest limitation. Practice, Scrimmage, or combined learning opportunities, may not include more than 4 schools, must be online/virtual format, and no judging or NSDA points earned.
B. Tournament: Competition among four or more schools.
C. The contest limitations apply from the starting date of competition until the first day of the state tournament in each classification. This applies to all levels of competition (i.e., varsity, j.v., sophomore, freshman, novice). State and qualifying region, NCFL and NSDA national qualifying tournaments do not count in the contest limitation total.
D. An individual who violates the contest limit is ineligible to compete at the Region or State Tournaments.

Section 9:
Participants participating in a Speech or Debate event as a novice should not have competed in more than one tournament worth of competition prior to the current season within their 9-12 educational career.

Article IV – Electronic Devices

Section 1: Events in Which Computer Use is Allowed
No electronic devices will be allowed in any competition with the following exception: The use of computers within the guidelines stated in Section 2 is allowed at region and state tournaments in the following events:
Extemporaneous Speaking
Lincoln-Douglas Debate
Policy Debate
Public Forum Debate
Student Congress

Section 2: General Rules
A. Contestants must follow all rules regarding electronic devices and Internet access as described in the National Speech and Debate Association Unified Manual
B. Penalty: Contestants found to have violated these provisions will be disqualified from the tournament and will forfeit all rounds and sweepstakes points in that event.

CHAPTER II – Region Tournaments

Article I – Guidelines

Section 1: Region Representative Responsibility
It is the responsibility of each region representative to:
Conduct the region tournament.
A. Be in charge of seeing that each region has a place to host the region tournament, and that all necessary schedules and judges are secure.
B. Make sure that each coach in his/her region has a complete set of established guidelines, times and location for the meet and thorough understanding for judges’ qualification well in advance of the starting time of the meet.
C. Submit results to the UHSAA office and the State Tournament Directors by the deadline listed on the UHSAA Calendar or within five (5) days of completion of the region tournament, whichever is sooner.
D. Request and secure region awards including the team trophy from their region’s Board of Managers.
E. Secure Congress Judges.

Section 2: Appeals
In matters that involve appeals, the region representative should bring all unsettled matters to the UDCA Executive Committee. The UDCA Executive Committee will determine if the issue merits a UDCA Judicial Meeting or if the Region Board of Managers (principals) should address the issue.

Section 3: Selection of State Qualifiers
The procedure for selecting qualifiers to the state tournament must be defined before the meet begins. Each school shall send to the state tournament the allotment as prescribed in the current edition of the UHSAA Handbook. Region tournaments shall not allow phantom entries. Drops should be removed as soon as possible, and debaters should have as few byes as possible regardless of entry numbers. The exception being schools will not be required to compete against themselves in preliminary debate rounds.

Section 4: Participant Eligibility
All participants must meet eligibility requirements as specified in the By-Laws of the UHSAA.

Section 5: State Qualifiers Requirements
Participants nominated by their region to participate in state forensic meets shall not be so nominated unless they have actually participated and qualified through the region meet.

Section 6: Requirement to Participate at Region to Qualify for State
Students must participate in events at region to qualify for state. Students participating with a partner qualify as one entry. Once a partnership qualifies for the state meet, neither may be replaced and maintain the qualification for the state meet. Students must compete with a partner where appropriate (i.e., no “mavericks”).

Section 7: Publication of Results
The results of an event should not be made public until the event is completed. It is unethical for coaches or anyone else to divulge the results of a round until the entire event is completed at a region meet.

Section 8: Rules to be Followed
The region tournament is to follow exclusively the rules for each event including the timing and eligibility of all materials to be used in speech areas. Rules regarding events can be found in this handbook.
Section 9: Awards
Awards should be given to schools or participants as determined by the Region Board of Managers.

Section 10: Recording Not Allowed
No video or audio recording of any kind shall be permitted in the region meet.

Section 11: Correction of Clerical Errors
Clerical scoring errors may be corrected up to 72 hours after the conclusion of the meet. A team must file a written protest to the UHSAA within that time period. After that time results will stand.

Section 12: Region Rules to be Filed with UHSAA
All regions must have on file, at the UHSAA offices, a printed copy of their region tournament rules. These rules must follow UHSAA and Utah Debate Coaches Association guidelines.

The top 50 percent will qualify a full slate (Full Slate is defined as all 24 participants allowed per the event limits described in Section 2). Regions with an uneven number should round up to determine the top 50 percent. These schools should list alternates in each event. Alternates will be allowed to compete only in the events they entered at region meet. All individuals or debate teams finishing in the top ten (or top 50 percent whichever is greater in their event) at the region tournament will qualify for the state meet, unless the school exceeds the limitations set forth above.

The top 50 percent will qualify a full slate (Full Slate is defined as all 25 participants allowed per the event limits described in Section 6). Regions with an uneven number should round up to determine the top 50%. These schools should list alternates in each event. Alternates will be allowed to compete only in the events they entered at region meet. All individuals or debate teams finishing in the top ten in their event at the region tournament will qualify for the state meet, unless the school exceeds the limitations set forth above. Coaches must choose their own entry allocations but cannot exceed the total cap of 30 students, or entry limits within events themselves.

Section 5: Region Entry Recommendations
Regions may determine their own tournament methods, although significant region competition is strongly recommended. It is recommended that all 1A and 2A regions permit each school to bring a maximum of six
contestants in individual events including spontaneous argumentation and student congress to the region meets. It is recommended that all 3A, 4A, 5A and 6A regions permit each school to bring a maximum of four participants in each Debate Event, and three Individual Events participants in each category to the region meets. Regions may choose to bring four from each school in Student Congress.

Section 6: Alternates
All alternates must be cleared by the State Tournament Director prior to the beginning of the State Meet. An alternate must have been listed on official region results submitted to the UHSAA and must compete in only the event in which she or he is listed as an alternate. <tbody>
<tr>
<td>Superior</td>
<td>10</td>
<td>5</td>
</tr>
<tr>
<td>Excellent</td>
<td>6</td>
<td>3</td>
</tr>
<tr>
<td>Good</td>
<td>2</td>
<td>1</td>
</tr>
<tr>
<td>Fair</td>
<td>0</td>
<td>0</td>
</tr>
</tbody>
</table>

Section 3: Quartile Breaks
When quartiles do not break cleanly, adjustment will be made in the direction which least skews the quartile. For example: if ten superiors are needed and the choice is between nine superiors or seventeen superiors, nine will be used since it more closely approximates the quartile. If the number is the same, regardless of direction, the greater number should be used.

Section 4: Individual Event Rankings
Rankings in all Individual Events shall be based on cumulative ranks in preliminary rounds. Ties shall be broken by considering reciprocal ranks which gives preference to the speaker with the greatest number of 1s, greatest number of 2s and so on. Unavoidable ties shall increase the higher quartile by the number involved and decrease the lower quartile by the same number.

Section 5: Debate Event Rankings
Rankings in Policy, Public Forum, Lincoln-Douglas, and Spontaneous Argumentation Debate shall be based on win-loss records in preliminary rounds. Ties shall not be broken on speaker points. Unavoidable ties shall increase the higher quartile by the number of teams involved and decrease the lower quartile by the same number.

Section 6: Sweepstakes Tie Breaking Procedure (for all classifications)
If two schools tie for either 1st or 2nd place sweepstakes, the following tie-breaking procedure will be followed: The lowest total ranking score in all events wins the tie. Policy, Public Forum and Lincoln-Douglas Debate will be broken with 1 for wins and 3 for loss. Congress will quartile by judge. Only ties for 1st and 2nd place sweepstakes will be broken, all other sweepstakes ties will be listed and announced as ties.

A. Each team shall debate one team each from the other Regions
B. No team shall meet two teams from the same Region in the first two rounds.
C. No team will debate the same school twice in the first two rounds, except when a region with more teams must meet a region with fewer teams.
D. No team shall debate a team from its own school.

Section 9: 3A/4A/5A Rounds III, IV & V Pairing
Pairing rounds III and IV and V for debate and Lincoln-Douglas for 3A, 4A, 5A and 6A States Forensic Tournaments shall be as follows:
A. In rounds III, IV (for 3A-6A) and V (for 4A-6A), all measures will be used to guarantee each team or contestant a fair number of affirmative and negative rounds.
B. Round III shall be power matched (based on results of the first two rounds), high-low, by placing teams or contestants with the highest speaker points against the teams or contestants with the lowest points and the same win-loss record.
C. Round IV shall be power matched (based on results of the first 3 rounds), high-low, by placing teams or contestants with the highest speaker points against the teams or contestants with the lowest points and the same win-loss record.
D. Round V for 4A-6A shall be power matched (based on results of the first 4 rounds), high-low, by placing teams or contestants with the highest speaker points against the teams or contestants with the lowest points and the same win-loss record.
E. These brackets will be broken if:
1. A team or contestant is scheduled to meet another from its own school.
2. A team or contestant meets a team, which it has met previously in the preliminary rounds.
F. When brackets are broken the next logical bracket shall be pulled up to fit the pairing from the middle of the lower bracket.

Section 10: 3A/4A/5A/6A Debate & L.D. Final Rounds

144
After round 5 or round 4 in 3A, quarterfinals will be held unless either: (a) There is a clean break that would allow a partial octo round of 4 or fewer additional debaters to debate into quarterfinals for the 7 and 8 seeds (this should be done only if there are more than 30 original contestants in the event) or (b) quarterfinals will break more than 50% of the participants in that event. If this is the case, semi-finals will be held instead. Final Rounds for Debate and Lincoln-Douglas in 3A, 4A, 5A and 6A State Forensic Tournaments shall be paired as follow:

A. Teams or contestants from this point shall be ranked 1 through 8. The ranking of the top eight teams (or contestants) advancing will be: first on the basis of win-loss record; and second on the basis of speaker points. These teams will be bracketed according to the following schematic. The bracket is not adjusted to avoid two teams (or contestants) from the same school meeting.

1 seed vs. 8 seed
5 seed vs. 4 seed
3 seed vs. 6 seed
2 seed vs. 7 seed

B. Team 1 shall be paired against team 8. Team 2 will be paired against team 7, and so on, setting up a quarterfinal bracket.

C. Winners of the quarterfinal rounds will debate each other in a semi-final round, following the quarterfinal bracketing, regardless of preliminary records. Semi-final winners will debate in a final round.

D. A panel of at least three judges shall be used in these rounds and they will receive additional payment.

E. Teams choosing not to debate elimination rounds are ineligible for state tournament awards unless the elimination participants are from the same school.

F. A first place will be awarded to the winner of the final round. The loser of the final round will be awarded second place. Both semi-final round losers will receive a third place award.

G. If participants from the same school are scheduled to debate themselves in elimination rounds, the coach of that school may either choose to have the round run normally with a panel of judges, or they may decide which team to advance without debating. Their decision to run the round must be announced to the tab-room within 10 minutes of the round being posted. If the coach decides to advance a team without debating, that team must be declared to the tab-room before the end of that elimination round (i.e. they may not wait to see the outcomes of the other debates).

H. If one school closes out the bracket such that no other debates can occur with different schools, those contestants will be considered co-champions.

Article IV – 3A/4A/5A/6A Student Congress

Section 1: Number of Houses
There shall be at least one house. If there are more than 25 contestants, there will be two houses of not less than 13 or larger than 25 members in each for the preliminary rounds. A final session will be held if there are two houses.

Section 2: Entry Limit
No school may bring more than 4 representatives to state student congress tournament.

Section 3: Legislation (3A, 4A, 5A)

D. In each house, the legislators shall elect student presiding officers who preside for one session each.
E. Each speaker shall be limited to 5 speeches for each preliminary session. Priority will be reset if there is a final session. Serving as chair counts as one speech per hour.
F. At the close of the student congress, the scorekeeper shall rank the senators in the session (including the presiding officers) 1 through 15.
G. Congress will be tabulated cumulatively. Students advancing to the final session, if needed, will have all sessions counted in their ranking to determine the finish order.
H. To determine sweepstakes points, the points of all scorekeepers shall be totaled; and then the top ¼ shall be rated superior, the next ¼ excellent, the next ¼ good, and the remainder (in other words the next ¼) fair. Sweepstakes points are based on preliminary session scores only.

Article V – 3A/4A/5A/6A Individual Events

Section 3: Preliminary Rounds
The preliminary rounds of Lincoln Douglas, Public Forum, and SPAR at the State 1A and 2A Tournaments shall meet the following requirements:
A. All rounds shall begin promptly fifteen minutes after the official postings.
B. Debaters are required to debate against the opponent they are posted to debate on the side they are posted to debate.
C. Debaters will be identified by number in such a way as not to reveal the identity of the school they represent.
   1. Teams in no way should reveal the school they represent.
   2. An official listing of schools and teams will be provided at the conclusion of the State Tournament.
D. Win-Loss records of schools, squads or teams will be made available upon completion of the State Tournament.
E. There will be four preliminary rounds.
   1. 1A: The first round will be randomly paired outside of region, unless the total number of entries is too small to allow outside of region pairings.
   2A: The first two rounds will be randomly paired outside of region, unless the total number of entries is too small to allow outside of region pairings.
   2. Each debater shall uphold one affirmative and one negative whenever possible.
   3. No debater shall meet another school more than once unless the small number of entries and/or random drawing of byes make this unavoidable.
   4. 1A: In round three, each debater/partnership is an independent unit, and shall be paired and assigned sides based upon its own record.
   2A: Debaters from the same school shall not be paired.
5. 1A only: Debaters that have met previously should not meet again unless made necessary by the terms of paragraph E (3) above.
6. 1A only: Debaters from the same school shall not be paired unless they are the only undefeated debaters remaining.
7. Advanced rounds shall be paired as follows.
   a. Round 3 shall be paired from the records of rounds 1 and 2.
   b. Round 4 shall be paired from the record of all preliminary rounds.
8. Following round 4, quarterfinals will be held unless either: (a) There is a clean break that would allow a partial octo round of 4 or fewer additional debaters to debate into quarterfinals for the 7 and 8 seeds (this should be done only if there are more than 30 original contestants in the event) or (b) quarterfinals will break more than 50% of the participants in that event. If this is the case, semi-finals will be held instead. In any 1A debate event with 10 or fewer entries the event may break immediately to a final if outcomes permit. Final Rounds for Public Forum, Lincoln Douglas and SPAR in the 1A, and 2A State Forensic Tournaments shall be paired as follow:
   a. Teams or contestants shall be seeded. Seeding will be determined: first on the basis of win-loss record; and second on the basis of speaker points. Bracketing will be as follows. Brackets will not be adjusted to avoid the same school meeting.

   3 seed vs. 6 seed

   c. A panel of at least three judges shall be used in these rounds and they will receive additional payment.
   d. Teams choosing not to debate elimination rounds are ineligible for state tournament awards unless the elimination participants are from the same school.
   e. A first place will be awarded to the winner of the final round. The loser of the final round will be awarded second place. Both semi-final round losers will receive a third place award.
   f. If participants from the same school are scheduled to debate themselves in elimination rounds, the coach of that school may either choose to have the round run normally with a panel of judges, or they may decide which team to advance without debating. Their decision to run the round must be announced to the tab-room within 10 minutes of the round being posted. If the coach decides to advance a team without debating, that team must be declared to the tab-room before the end of that elimination round (i.e. they may not wait to see the outcomes of the other debates).
   g. If one school closes out the bracket such that no other debates can occur with different schools, those contestants will be considered co-champions.
9. Awards: The winner of the final round will be champion, the other final participant will be second and the non-winning semi-final participants will be tied for third.
10. When byes are necessary, they will be placed in the lowest possible bracket of the power matching.

B. The parliamentarian will sit near the front of the room and will time the speeches.
C. The parliamentarian will mark the speaking order or verify that someone who desires to speak or has not spoken before or who has fewer speeches has precedence over someone who has spoken or has spoken more often.
D. The scorekeeper will mark a chart in the same manner and will mark the ballots with rankings and ratings.

Section 6: Legislation (1A, 2A)
All legislation will be chosen selected from the current UDCA docket by the tournament director and region representatives with suggestions from coaches of students who are participating in the state congress tournament. The tournament docket will be published up to two weeks in advance of the state tournament.

Section 7: Final Rankings
Final rankings will be based upon the combined scoring of ratings and rankings from the two rounds. Percentage totals will break final ties.

Section 8: Final Ratings

CHAPTER IV – Event Specific Rules

NSDA Rule Change Automatic Changes Rather than every time the NSDA Changes an event rule, the UDCA having to write a change and vote on it, we adopt a rule that states: In the event of an NSDA change in rules for events, evidence, internet usage, etc, the UDCA will automatically make the necessary changes to the rules in the UHSAA Speech and Debate Handbook as long as they do not conflict with UHSAA by laws. (This does not include Pilot rules until they are planned for adoption or are adopted by the NSDA officially unless put to vote by the UDCA committee and approved by Executive UHSAA committee).

Article I – Extemporaneous Speaking

Section 1: Timing Rules
A. The time limit is 7 minutes maximum with 30 minutes preparation.
B. The beginning of an extemporaneous round will be designated by the start of the draw for the first speaker. Once the draw has started, students will not be allowed to use the internet or cell phones. Any student found in violation will forfeit the round or become disqualified from the tournament (Ch.1, Art. IV, Section E). The round is over for each speaker once they have spoken. Cell phone use and internet are only prohibited during rounds.

Section 2: General Rules
A. No notes or visual aids may be used during the actual speaking time. Use of notes or visual aids will result in the student being ranked last in the round.
B. Outside coaching in the preparation room is absolutely forbidden.

Article II – Impromptu Speaking

Section 1: Timing Rules
The time limit shall be 7 minutes maximum (the speaker will determine the division of this time between preparation and speaking.

Section 2: General Rules
A. No notes or visual aids may be used during the actual speaking time. Use of notes or visual aids will result in the student being ranked last in the round.
B. The participant will be asked to speak on a topic that will reflect his or her general knowledge in the following areas: one round of one-word-abstracts, one round of social value questions, and one round famous quotations.

Article III – Oratory
Section 1: **Timing Rules**
The time limit is to be 7 minutes minimum and 10 minutes maximum. A grace period will be allowed where the oratory will not be penalized for either going 15 seconds over time or 15 seconds under time.

Section 2: **General Rules**
A. No notes or visual aids may be used during the actual speaking time. Use of notes or visual aids will result in the student being ranked last in the round.
B. The oratory must be the original work of the participant and should reflect subjects which are timely and significant to our society.
C. Not more than ten percent of the material shall be quoted or paraphrased. Original oratories which have been largely paraphrased from previous oratories are ineligible. Also those which have been used in any competition during the previous school year (prior to June 10) are ineligible.
D. All qualifiers to the State Meet must have submitted a copy of their original oratory one week in advance to the state forensic representative. This copy should be typewritten and double spaced. All quoted materials should be so specified with an appropriate bibliography attached.

**Article IV – Spontaneous Argumentation (SPAR)**

Section 1: **Timing Rules**
1 min. Prep
2 min. Affirmative Constructive
2 min. Negative Constructive
3 min. Cross Examination
1 min. Affirmative Rebuttal
1 min. Negative Rebuttal

Section 2: **General Rules**
SPAR at region and state tournaments for 1A, 2A and 3A will be assigned sides, with an equal number of Affirmative and Negative for each competitor. One topic will be given to the competitors by the judges, with the preparation time starting with the announcement of the topic. A judge will decide a winner and will assign speaker points. SPAR will be recorded as a debate event and will be held at the same time as the other debate events during the 2A region and 2A state tournaments.

**Article V – Lincoln-Douglas Debate**

Section 1. **Description:**
Lincoln Douglas debate is an event in which a student competes against another student to discuss affirmative and negative arguments of value. Topics center around the question of what ought to be instead of what is. For example, many topics invoke concepts like justice, morality, and duty. The Lincoln-Douglas debater learns value analysis, research skills, logical argumentation, political theory and philosophy, techniques for asking and answering questions, effective note taking, and oral presentation skills.

Section 2. **Resolution:**
Topics used in this area will be the same as topics designated by the National Forensic League. The November/December topic is announced in The Rostrum on October 1, the January/February topic is announced on December 1, and the March/April topic is announced on February 1. Schools not belonging to the NSDA may contact the State Forensics Representative for the official topic. The State Tournament will use the March/April topic. The UDCA strongly encourages Region Tournaments to use the State Tournament topic.

Section 3. **Order of Speeches:**
Each debater must give one constructive speech, one period of questioning, one period of answering, and one rebuttal speech, in the following order:
- Affirmative Constructive: 6 Minutes
- Negative Cross Examination: 3 Minutes
- Negative Constructive: 7 Minutes
Affirmative Cross Examination: 3 Minutes  
Affirmative Rebuttal: 4 Minutes  
Negative Rebuttal: 6 Minutes  
Affirmative Rebuttal: 3 Minutes  
Prep Time: 4 Minutes per debater

Section 4. **Explanation:**
Only two speakers are involved, one fulfilling the affirmative responsibilities and the other negative. Emphasis is placed upon the issues involved rather than upon strategy in developing the case. Because of time limits, a wealth of evidence cannot be used, but research supported by good background reading is necessary. Debaters are encouraged to develop argumentation based upon a value perspective. A value is an ideal held by individuals, societies, governments, etc. The debate should focus on logical reasoning to support a general principle instead of particular plans and counter-plans. Debaters may offer generalized, practical examples or solutions to illustrate how the general principle could guide decisions.

**Article VI – Public Forum (PF) Debate**

**Section 1. Description:**
Public Forum Debate is audience friendly debate. Two pairs (teams) debate monthly controversial topics ripped from newspaper headlines. Rounds begin with a coin toss between the competing teams to determine side and order (Pro-Con or Con-Pro). Public Forum tests skills in argumentation, cross-examination, and refutation. PF focuses on advocacy of a position derived from the issues presented in the resolution, not a prescribed set of burdens.

**Section 2. Resolution:**
Topics used in this area will be the same as topics designated by the National Forensic League. The February topic is announced on January 1, and the March topic is announced on February 1. Schools not belonging to the NSDA may contact the State Forensics Representative for the official topic. The State Tournament will use the March topic. The UDCA strongly encourages Region Tournaments to use the State Tournament topic.

**Section 3. Order of Speeches:**
Prior to EVERY round and in the presence of the judge(s), a coin is tossed by one team and called by the other team. The team that wins the flip may choose one of two options: EITHER the SIDE of the topic they wish to defend (pro or con) OR the SPEAKING POSITION they wish to have (begin the debate or end the debate). The remaining option (SIDE OR SPEAKING POSITION) is the choice of the team that loses the flip. Once speaking positions and sides have been determined, the debate begins (the con team may lead, depending on the coin flip results).

- First Speaker - Team A 4 Minutes  
- First Speaker - Team B 4 Minutes  
- Crossfire (first question by speaker A1) 3 Minutes  
- Second Speaker - Team A 4 Minutes

**Article VI I– Policy (CX) Debate**

**Section 1: Description:**
Debaters work in pairs (teams) to address the school year's topic, either from the affirmative side (to propose a plan to solve a problem with the topic), or the negative side (to prove how the affirmative's plan is flawed). Argumentation includes a constructive case, cross examination, and refutation. Skills learned include research, policy analysis, case building, refutation, questioning, organization and communication.
Section 2: Resolution:
The resolution will be one requiring a policy judgment. The National Federation of State High School Associations (NFHS) determines it annually.

Section 3: Novice limitations: See Ch. 1. Art. III Sec. 4

Section 4: Order of Speeches:
Each debater must give one and only one constructive speech, one period of questioning, one period of answering, and one rebuttal speech, in the following order:
- Affirmative Constructive Speech: 8 minutes
- Negative Cross Examines Affirmative: 3 minutes
- Negative Constructive Speech: 8 minutes
- Affirmative Cross Examines Negative: 3 minutes
- Affirmative Constructive Speech: 8 minutes
- Negative Cross Examines Affirmative: 3 minutes
- Negative Constructive Speech: 8 minutes
- Affirmative Cross Examines Negative: 3 minutes
- Negative Rebuttal: 5 minutes
- Affirmative Rebuttal: 5 minutes
- Negative Rebuttal: 5 minutes
- Affirmative Rebuttal: 5 minutes
- Prep Time: 5 minutes per team

Section 5: Explanation:
Debate is a persuasive event where opposing speakers present arguments for and against a predetermined resolution and strive to influence people to adopt or reject the proposed plan of action. Debate is essentially an intellectual pursuit, resulting in the growth of the thought process. The affirmative has the burden of proof in that they must support an assigned resolution through a case and plan which serve as an example. The negative team must clash through any of several approaches, including but not limited to: direct clash, plan meet need or advantage, disadvantages, counterplans, critiques, or any combination of debating paradigms. Complete examination of debate is impossible to summarize in a few paragraphs for this manual. It is recommended that a coach or student seriously wishing to understand this event consult a debate textbook or attend one of any number if summer workshops offered on this subject.

Article VII – Rules of Evidence

Section 1: Responsibilities of Contestants Reading Evidence:
A. The contestant is responsible for the validity of all evidence they read in the debate.
B. In all rounds of LD and Public Forum Debate, debaters should, at a minimum, orally deliver title of the source and the author’s name. In Policy Debate, all debaters shall orally deliver the name of the author or title of source (E.G. title of book, not chapter; title of journal, not article), and complete date.
C. In all rounds of debate, complete citations for each piece of evidence introduced in the round must be available in the round. Written citations must include name of the author, qualifications, complete title of source (E.G. title of book, not chapter; title of journal, not article), and complete date.

Section 2: Responsibilities of Those Challenging Evidence:
A. Indictments or protests of the validity of evidence must be made on substantive grounds and in a timely manner.
B. A challenger must have either the original source or a mechanical copy of the source being cited, or
C. A challenger must demonstrate that a reasonable search has not been able to locate the source -- mechanical copies of relevant pages in Books in Print, etc.

Section 3: Definitions of Non-existent Evidence or Evidence Which Seriously Distorts the Intention of the Original Source:
A. Serious distortion exists when the evidence itself contains added or deleted word(s) which do not clarify but in fact change the position of the author with respect to the issues in question.
B. Non-existent evidence means that a reasonable search is unable to produce the original source and/or the debater reading the evidence is unable to provide the original source or a mechanical copy of the relevant pages. The evidence cited is not located in the original source cited.

Section 4: Penalties for Non-existent Evidence or Evidence Which Seriously Distorts the Intention of the Original Source:

A. If an evidence violation is presented where a debater is found to have committed a “serious distortion” or to have used “non-existent evidence”, at the conclusion of due process, the offending debater(s) may be disqualified from the tournament. Depending on the severity, an offense will result in notification of said offense to their high school administration.

Chapter V – Tournament Director and Region Representatives

Article I. Tournament Committee Responsibilities

Section 1: Committee Members

Tournament Committee members shall include the tournament director(s) and each of the region representatives and the UHSAA representative.
