

STATE Cheer - OVERALL Champion Calculation

As stated in the 2022-2023 UHSAA Handbook: *There will be separate overall state classification champions for the All Girl and Co-Ed show divisions. Overall state classification and division champions will be awarded at the UHSAA State Cheer Championship only. Overall classification winners will be determined by:*

70% (SHOW Total* Points) + 30% (GAME TIME 1 Total* Points + GAME TIME 2 Total* Points + GAME TIME 3 Total* Points)

**Total scores include the subtraction of safety penalties and deductions*

On their own, the Show division and combined Game Time divisions are NOT weighted equally.

Possible Points <i>(a perfect score)</i>	Stunts & Pyramids	Jumps, Tumbling, & Dance	Cheer & Overall	TOTAL	SHOW 100
	Judge 1	Judge 2	Judge 3		
	40	30	30		
Possible Points <i>(a perfect score)</i>	Cheer	Cheer	Cheer	TOTAL	Combined Game Time 900
	Judge 1	Judge 2	Judge 3		
	100	100	100		
Possible Points <i>(a perfect score)</i>	Dance	Dance	Dance	TOTAL	
	Judge 1	Judge 2	Judge 3		
	100	100	100		
Possible Points <i>(a perfect score)</i>	Fight Song	Fight Song	Fight Song	TOTAL	
	Judge 1	Judge 2	Judge 3		
	100	100	100		300

In order to make each division equal, the Show score will be multiplied by nine (9). That makes both the Show and Game Time divisions worth a possible 900 points. After a team's Show score has been multiplied by nine (9), the Overall Champion will be calculated using the formula above. For example:

School	SHOW	SHOW * 9	70% of Show * 9	TOTAL GAME TIME	30% of Total Game Time	TOTAL	Place
School A	65.50	589.50	412.65	784.50	235.35	648.00	- 3rd Place
School B	76.00	684.00	478.80	802.25	240.68	719.48	- 2nd Place
School C	88.50	796.50	557.55	815.00	244.50	802.05	- 1st Place
