Policy for post-season games **not** ticketed by the UHSAA:

- I. Administrators from the two schools participating should settle, **in advance**, issues of financing regarding hosting costs, officials travel costs, game fees and team travel costs.
- II. The host school should receive absolute hosting costs first (not including officials travel cost and game fees), and then the two schools shall divide the remaining gate receipts. If there is insufficient revenue from the gate to pay initial hosting costs, the host school must bear the costs in addition to the officials fees. In this instance, the traveling school would also assume all of their own costs.
- III. If regions are to be considered in the dispersing of profits, it should be clear that hosting cost, officials fees and travel costs be allotted before dividing any further revenue.
- IV. Post season ticket pricing will apply.

- III. A pre-activity financial proposal will be sent to each participating host school and must be returned to the UHSAA office prior to the event.
- IV. Schools must use UHSAA provided tickets.
